### **Writing pleasure in black: Bentley 1 “Onyx”**

Start your engines: the collaboration between Bentley and Graf von Faber-Castell is moving up a gear. In September 2020, the luxurious “Licensing Collection 1” will be enriched by the “Onyx” range – the ideal writing instruments for those who love timeless elegance. This powerful and purist design sets off Bentley’s stylistic elements with a distinctive confidence: the guilloché diamond pattern of the barrel, which is reminiscent of Bentley’s famous “Diamond Pattern”, the chrome front and end pieces and the cap with the characteristic knurling and the Bentley “B” find their perfect match in the deep, matt black of the paintwork. The fountain pen with high-quality, rhodium-plated stainless steel nib promises the utmost in writing comfort. Rollerball pens and twist ballpoint pens round off the range.

Fountain pen EUR 390
